

AchieveWorks[®]

Aptitudes

**Discover career possibilities
based on student's aptitudes**

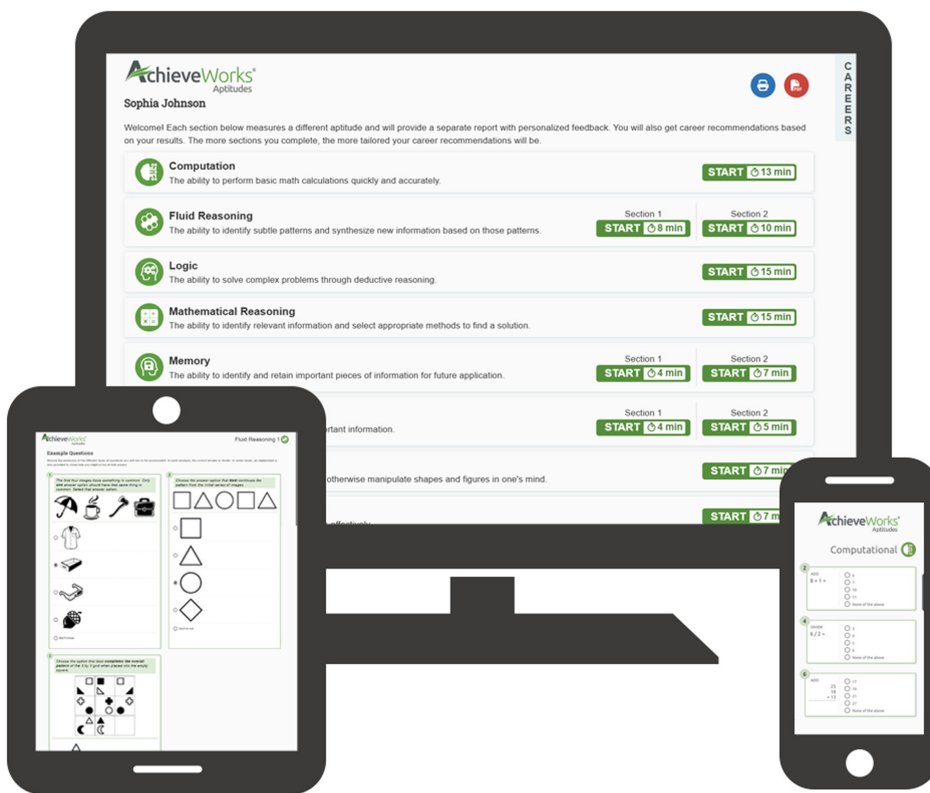

AchieveWorks® Aptitudes

Students who know their cognitive strengths can leverage that knowledge to select a satisfying career path. Help students identify what they can do well with *AchieveWorks® Aptitudes*, an online assessment written and normed for students from 8th to 12th grade. *AchieveWorks Aptitudes* is affordable, easy to use, requires no special credentials and includes excellent customer support.

Each of the 8 aptitude sections take 4-15 minutes to complete, with timing that works within your schedule and the flexibility to accommodate a variety of student needs.

Upon completion of each aptitude students receive a clear report emphasizing growth and potential with their current developmental stage (not a fixed score), that aptitude's importance and top career paths, opportunities for growth, and updated best-fit careers.

- Reveal students' 8 aptitudes with advice on development in the personalized report
- Find the right career fit with aptitudes and Human eSources Career Matching Technology™
- Easy to read, interactive report
- All aptitude sections can be completed within two hours
- Receive guidance on how to help students better understand their aptitudes and create actionable career plans
- Complete Career Center with O*NET for exploration and planning and Indeed for job search
- Access online at any time, from anywhere, using any device

Over 28 years helping students discover their unique strengths, talents and preferences to chart meaningful and satisfying educational and career paths.
